

PLANNING COMMISSION

August 4, 2010

The August 4 meeting of the Upsala Planning Commission was called to order at 5:05 by Dan Cheney. Also present were commission members Lynda Tarbuck, Steve Woller and Dennis Westrich. Joan Olson was absent.

The commission first discussed the enclosed porch addition for Bullfrogs. MSC to recommend approval of the addition if it is indeed on the east side of the building.

Letter size maps of existing water and sewer lines were found and reviewed. It was decided they were a handy reference and recommended posting them.

There was a question as to whether or not the lot at 320 Tower Road was a buildable lot. After review, the commission determined it was not a buildable lot because of width and terrain. The commission recommends it be combined with 322 Tower Road if possible. The two lots currently share a driveway.

The bid opening for the Oak Avenue project occurred earlier in the day, and the commission was informed that Ferche out of Rice was the apparent low bidder.

Morrison County has expressed an interest in knowing high and low address numbers for city streets – specifically 4th Ave West. The commission determined that 4th Ave West contains address numbers ranging from 100-399, as does 1st Ave West. Tower Road ranges from 100-699.

The clerk had approved a permit for Upsala Motors for shingles.

The meeting adjourned at 5:45pm.

Submitted by Dan Cheney.

Next meeting is scheduled for September 8, 2010 (the Wednesday before City Council) at 6:00pm at City Hall.
